In the book "Understanding Financial Prosperity" by Bishop David. O. Oyedepo, we are taken on a transformative journey towards embracing and understanding the concept of financial prosperity. With a conversational tone and insightful anecdotes, Bishop Oyedepo guides us to break free from the limitations that hinder us from financial growth and unlock a life of abundance.

Key Lessons:

1. The Mindset Shift: Bishop Oyedepo emphasizes that financial prosperity begins with a mindset shift. By aligning our thoughts and beliefs with abundance, we can attract wealth and opportunities into our lives.

2. Biblical Principles: The book highlights the importance of understanding and applying biblical principles of prosperity. Bishop Oyedepo draws from scriptures,

explaining how faith, diligence, integrity, and generosity play vital roles in achieving financial abundance.

3. Goal Setting and Planning: To attain financial prosperity, it is crucial to set clear goals and create a strategic plan. Bishop Oyedepo encourages us to identify our financial dreams and work towards them with discipline and perseverance.

4. Overcoming Limiting Beliefs: Our father in the faith addresses common limiting beliefs surrounding money, such as the idea that wealth is only for the chosen few. By challenging these beliefs, we are empowered to embrace our God-given potential for prosperity.

5. Giving and Reaping: Generosity is a key principle emphasized throughout the book. Bishop Oyedepo illustrates the power of giving, sowing seeds and working as a means to receive bountiful harvests.

6. Stewardship: The book teaches us to be responsible stewards of our finances. Bishop Oyedepo emphasizes the importance of budgeting, and scriptural proofs on why God prospers to ensure we practice them and enjoy long-term financial prosperity while being a blessing to others.

"Understanding Financial Prosperity" offers us a comprehensive guide to overcoming financial struggles and living a life of abundance. By embracing the principles shared by Bishop Oyedepo, we can transform our mindset, tap into our potential, and create a prosperous future for ourselves and our families.

An exclusive interview

with the State Pastor (Part 1)

How did you meet your wife?

I met her where my friend and I went to eat and after that meeting, I couldn't take my eyes off her and it wasn't a carnal attraction but there was a witness in my spirit man that this was my wife. I had also been praying so that also helped me to discern that indeed she was my wife plus I also had peace in my spirit, so I had enough evidence to know that I was in the will of God.

How did you feel about your marital journey?

I am so glad to express my heartfelt gratitude to God, the journey began in

1993 when I went to greet a childhood friend in Sango-Ota and we went to eat while we were eating "I saw a young, beautiful girl and I asked my friend who she was and he responded by saying that she was the daughter of the owner of the place. I dismissed her from my mind but that night I couldn't sleep because I kept thinking about her.

After a while, I called my friend that we should go and eat again but deep down I wanted to go and see the girl(chuckles)

To cut a long story short, I finally got to speak with her and told her that 'I love her and I want

to marry her' and as they say the rest is history.

I want to bless God for the privilege of being able to marry her and for 30 years of relationship and 28 years of honeymoonic marriage, it has been working and the journey has been very interesting.

When has been the most significant moment in your time with your wife?

The most significant moment in my time with her was when God called me into ministry because it wasn't a popular thing and I had a job so almost everyone did not agree that I should leave but it was only my wife that stood by me when I decided to resign and go to theology school for one year and she was there supporting, bought a small car for me and she took care of the home for twelve months and I am eternally grateful to her for being there all the while.

The Mandate

The Commission's Pillars

God commissioned the presiding Bishop of this commission with a Word of Faith ministry to our generation. Remember Paul said, "...if the trumpet give an uncertain sound, who shall prepare himself to the battle?" (1 Cor 14:8) As a Commission, we have experienced amazing testimonies ever since this commission was handed down - that is over thirty years now! The Holy Ghost further inspired the servant of God, Dr. David Oyedepo, to classify the Word of Faith He has committed into his hands into the specific areas of emphasis, in direct response to Isaiah 40:6, "The voice said, Cry. And he said, What shall I cry?..." He has named these 12 areas of emphasis as the 12 Pillars of our Commission. We have crossed Jordan into power, bearing the ark of liberation. Here are the 12 stones, after the order of Joshua 4:1-8, 20-24. Having stood firm upon these twelve stones! And they have resulted in breakthroughs - both for the ministry and all that are partakers with us, of the same grace.

Faith

"For whatsoever is born of God overcometh the world: and this is the victory that overcometh the world, even our faith."

"In all circumstances take up the shield of faith, with which you can extinguish all the flaming darts of the evil one."

(1John 5:4; Ephesians 6:16)

BEYOND *the* RING

Addressing the issues that Matter

On Sunday 28th of May, 2023, the Youth Alive Fellowship of Living Faith Church Ikorodu had her most anticipated program of the year tagged "BEYOND THE RING".

The program was held in the Youth Chapel (Teens Church) by 2pm as it had the privilege of hosting amiable guest speakers and panelists who have had successful relationships and marriages over the years.

Issues and solutions were raised on rudiments of identifying the right partner, keeping a successful marriage and relationship, staying away from ungodly relationships, and sustaining a healthy walk with God as partners and individually which is top tier.

Identifying the strengths, weaknesses, interests and attractions of one's partner was advised to stop unnecessary crises in marriages and relationships.

In a well-enlightening session, Mrs. Nike Lawal whose marriage will be hitting its 20th year soon mentioned that HONOUR and RESPECT has been the major thing in her marriage and so she advised young couples to cultivate such habits as it helps in sustaining the marriage.

To further educate the participants of the program, Barrister Olamona advised couples and partners to start with what they have and not look out for big cars, wealth and colourful beginnings because no successful marriage starts on a bed of roses as it only grows stronger and beautiful when both parties put in the work required for it to be so. Mrs. Kemi Ovie added that couples should prioritize boundaries amongst their colleagues at the workplace, opposite gender friends to avoid frictions or assumptions in their relationships with their partners.

She shared how she was accountable to her husband about a close relationship she had with a team member at work and mentioned unpleasant things could have ensued between them if she hadn't been committed to being answerable to him. She further encouraged couples to carry each other with their financial expenditures as it improves intimacy and strengthens the bond between them.

Other speakers addressed the matters arising in young relationships, marriage as well as aged

ones. They emphasised on getting it right with God as he is the only one who gives the perfect match and also to be of good morals and values.

The program ended with an interactive question and answer session where the speakers helped in shedding light on what burdens the hearts of youths of both ge
